

KAUTEX

SUMMER WORKSHOP

2026

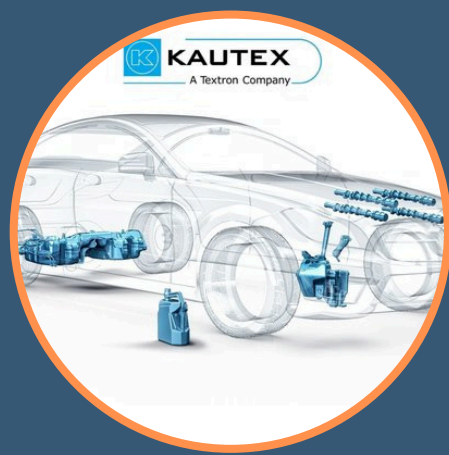

When ?

06 - 17.07.2026

Where ?

Kautex Craiova Office

How to join ?

Complete the survey & let the fun begin !

Take your chance & discover what the future might bring!

Kautex is a global automotive supplier with over 30 plants worldwide, developing advanced solutions for fuel systems, battery enclosures and new mobility.

At Kautex Craiova, you will experience more than manufacturing – you will discover our local Tech Center, Laboratory and Production plant, working together on real engineering projects.

From 06 July 2026 to 17 July 2026, we invite students passionate about innovation and technology to join our Summer Workshop, organized together with the Faculty of Automation. Gain hands-on experience, work with our experts and explore how modern engineering comes to life.

What we offer:

- 2-week program covering Engineering, Design, CAE, Lab & Production, including direct interaction with specialists and a factory tour
- Hands-on hackathons (Data Science, AI/ML, Digitalization) + BYOD (Bring Your Own Device)
- Recognized as summer practice + networking and career insights
